

The South Burnie U18 team was nominated for the Junior Sports Award for the month of November and won the award for that month.

The team has been strong in attack and solid in defence and managed to withstand relentless attacks week in and week out.

They won 14 games and lost 1 during the season as well as winning the semi-final and grand final against City Marians White. They racked up 106 goals and conceded a miserly 6 against them.

A dinner presentation was held at Weller's Inn for all monthly finalists to attend. Although South Burnie did not claim the overall winning title a good night was had by all.

The speaker for the evening was Commonwealth Gold Medalist Marathon Runner, Kerry McCann. Kerry's speech was inspirational to all young athletics. Her message to all young budding superstars was to "keep persisting through the tough times and the results will come".
